Developed by the
Military Child Education Coalition
With a generous funding from the
United States Air Force

Developed by MCEC, this one-day course enables youth-serving educators, professionals, and parents to support the unique transitional issues children face when their parents separate from the military. The course also addresses the challenges of children whose parents have died or experienced combat-related injuries and illnesses. Participants will develop strategies and resources to help these children thrive.

or visit **www.MilitaryChild.org/training**

For Assistance: **Yvonne Milner at (254) 953-1923 x 1119**
Yvonne.Milner@militarychild.org

Learning Objectives:

- ▶ Explore and identify the academic and social-emotional implications for children and youth when their parents voluntarily or involuntarily transition from the military to civilian life.
- ▶ Explore and identify the academic and social-emotional implications during military to civilian transition for children and youth whose military parents have died, been wounded, or have combat-related illnesses.
- ▶ Discover resources and integrate positive strategies to address implications of the military to civilian life transition for children and youth.
